

Transform Methods and Special Functions' 2011
6th International Conference, Sofia, October 20-23, 2011

TITLE OF YOUR PAPER

First and FAMILY NAME of Author One^{1,§},
First and FAMILY NAME of Author Two²

¹ Department of – University of ...
Street Address, Town - Postal Code, COUNTRY
e-mail:

² Full Postal Address of Author Two
Town – Postal Code, COUNTRY
e-mail:

Enter the text of your **Abstract** here, up to one page for regular talks, and up to two pages for the plenary talks. Prepare strictly according to these instructions and use the templates provided in L^AT_EX and MSWord formats. For the Abstracts both these formats are acceptable. The deadline is **September 10, 2011**. Send the source-file (obligatory) and pdf-file, in duplicate to: tmsf@math.bas.bg, virginia@diogenes.bg.

In case of co-authorship, please indicate the registered author (who is expected to present the talk) by §. Give full authors' names, postal addresses and actual e-mail addresses. The page margins should be 12.5 x 18.5 cm, with font size 11 pt. If any, headings as **Definition 1, Theorem 2, Lemma 3, Example 4**, etc. should be in boldface, and *texts of propositions in italics*. Tags of displayed mathematical equations should be on the right. Use the latest Mathematics Subject Classification of 2010.

After the Conference we plan to publish **Proceedings** with carefully selected and reviewed papers presented at TMSF' 2011. This will be a special issue of the international journal "*Mathematica Balkanica*" (MB, <http://www.mathbalkanica.info/>). There, we can consider only manuscripts prepared in L^AT_EX with extreme care, strictly according to MB format and instructions. Follow all updates at <http://www.math.bas.bg/~tmsf/2011>.

MSC 2010: 33XX; 44XX; 26A33; etc.

Key Words and Phrases: integral transforms, special functions, fractional calculus, operational calculus, geometric function theory, etc.
