

**NEW TRENDS IN MATHEMATICS AND INFORMATICS**

*Jubilee International Conference, 60 years IMI-BAS  
July 6 - 8, 2007, Sofia, Bulgaria*

**Scientific Program - Short Timetable**

	July 6		July 7		July 8	
Time Room	Morning	Afternoon	Morning	Afternoon	Morning	Afternoon
055	10:00–10:30 Opening 11-14 Math.Linguistics	Digitalization of Scientific and Cultural Heritage				
256	Linear Topological Spaces, Banach Spaces and Theory of the Operators in these Spaces	Complex Analysis	Linear Topological Spaces, Banach Spaces and Theory of the Operators in these Spaces	Operations Research	Operations Research for Security	
278	Mathematical Modeling in Biology	Scientific Computations	Educational Strategies in Information Environment	Linear Topological Spaces, Banach Spaces and Theory of the Operators in these Spaces		
403	Approximation Theory, Numerical Methods and Applications	Operations Research			Probability Theory, Math.Statistics, Random Processes and Applications	Probability Theory, Math.Statistics, Random Processes and Applications
478	Complex and Riemann Geometry	Equations of Math.Physics, Evolutionary PDE and Applications	Telecommu- nications	Telecommu- nications		
503	Information Systems	Artificial Intelligence	Computability Theory, Nonclassical Logics and Applications			
578	Algebra, Algebraic Geometry and Number Theory	Algebra, Algebraic Geometry and Number Theory	Algebra, Algebraic Geometry and Number Theory			

- All rooms are in the IMI building.
- Registration of the participants: 14:00-17:00 on July 5 and 8:30–10:00 on July 6
- Welcome party – July 6, 2007, 19:00, Institute Cafeteria
