

### **13. Списък на направени рецензии за научноизследователски списания и конференции на Александър Илиев**

- IEEE Signal Processing Letters: Speech Coding, Synthesis and Analysis; Speech Processing "Characterization of Glottal Activity from Speech Signals", Volume: 16, Issue: 6, pages: 469 – 472, ISSN: 1070-9908, June 2009
- EURASIP Journal on Advances in Signal Processing, "Recognition of Non-Prototypical Emotions in Reverberated and Noisy Speech by Non-Negative Matrix Factorization", 16 pages, Article ID 838790, January 23, Volume 2011
- APESM Australasian Physical & Engineering Sciences in Medicine, "Study of Bispectral features and Mean shift clustering for stress and emotion classification from natural speech", Manuscript APES-D-15-00271, 39 pages, 2016
- JITR Journal of Information Technology Research, "Factors for the management of scarce human resources and highly skilled employees", 22 pages, January 2016
