List of citations

on the dissertation "Extremal problems in Euclidean combinatorial geometry"

by Danila Cherkashin

Article	citations	sum
Coloring general Kneser graphs and hypergraphs via high-discrepancy hypergraphs Balogh, J., Cherkashin, D., Kiselev, S. European Journal of Combinatorics, 2019, 79, pp. 228—236	[1, 3, 4, 5, 6, 8, 9, 11, 12, 13, 15, 16, 17, 18, 19, 21, 20, 22, 23, 24]	20
Independence numbers of Johnson-type graphs Cherkashin, D., Kiselev, S. Bulletin of the Brazilian Mathematical Society, 2023, 54(3), 30	[2, 7, 14]	3
On the chromatic numbers of 3-dimensional slices V. A. Voronov, A. Y. Kanel-Belov, G. A. Strukov, D. D. Cherkashin Zapiski Nauchnykh Seminarov POMI 518, 94-113, 2022	[10]	1
