

Списък на публикациите
на доц. д-р Деко Деков

В кандидатската ми дисертация са включени, или към нея се отнасят, десет публикации, а именно, публикациите с номера от 1 до 10 по-долу.

Останалите 119 публикации, осем компютърните програми и една електронната книга представям за участие в конкурса. Представям и превод на руски език на компютърната програма "Geometric Constructions", изготвен от руски специалист.

Papers in the Journal of Computer-Generated Euclidean Geometry:

21. Deko Dekov, Apollonius Circle, Journal of Computer-Generated Euclidean Geometry, 2006.
22. Deko Dekov, Apollonius Problem, Journal of Computer-Generated Euclidean Geometry, 2006
23. Deko Dekov, Compositions of Transformations in Triangle Geometry, Journal of Computer-Generated Euclidean Geometry, 2006.
24. Deko Dekov, The Ambiguities of the Natural Language, Journal of Computer-Generated Euclidean Geometry, 2007.
25. Deko Dekov, Triangulation Triangles, Journal of Computer-Generated Euclidean Geometry, 2007.
26. Deko Dekov, Stevanovic Triangles, Journal of Computer-Generated Euclidean Geometry, 2007.
27. Deko Dekov, Corner Triangles, Journal of Computer-Generated Euclidean Geometry, 2007.
28. Deko Dekov, Anticevian Corner Triangles, Journal of Computer-Generated Euclidean Geometry, 2007.
29. Deko Dekov, Incenter, Journal of Computer-Generated Euclidean Geometry, 2007.
30. Deko Dekov, Grinberg Triangles, Journal of Computer-Generated Euclidean Geometry, 2007.
31. Deko Dekov, Hatzipolakis Triangles, Journal of Computer-Generated Euclidean Geometry, 2007.
32. Deko Dekov, Malfati Squares Triangle, Journal of Computer-Generated Euclidean Geometry, 2007.
33. Deko Dekov, Construction of the Malfati Squares Triangle, Journal of Computer-Generated Euclidean Geometry, 2007.
34. Deko Dekov, Symmedian Point, Journal of Computer-Generated Euclidean Geometry, 2007.
35. Deko Dekov, Triangles of Reflections. Part 1, Journal of Computer-Generated Euclidean Geometry, 2007.
36. Deko Dekov, Triangles of Reflections. Part 2, Journal of Computer-Generated Euclidean Geometry, 2007.
37. Deko Dekov, Triangles of Reflections. Part 3, Journal of Computer-Generated Euclidean Geometry, 2007.
38. Deko Dekov, Euler Triangles Journal of Computer-Generated Euclidean Geometry, 2007.
39. Deko Dekov, Orthocenter, Journal of Computer-Generated Euclidean Geometry, 2007.

40. Deko Dekov, Half-Cevian Triangles, Journal of Computer-Generated Euclidean Geometry, 2007.
41. Deko Dekov, Half-Anticevian Triangles, Journal of Computer-Generated Euclidean Geometry, 2007.
42. Deko Dekov, Centroid, Journal of Computer-Generated Euclidean Geometry, 2007.
43. Deko Dekov, Circumcenter, Journal of Computer-Generated Euclidean Geometry, 2007.
44. Deko Dekov, Nine-Point Center, Journal of Computer-Generated Euclidean Geometry, 2007.
45. Deko Dekov, Gergonne Point, Journal of Computer-Generated Euclidean Geometry, 2007.
46. Deko Dekov, Nagel Point, Journal of Computer-Generated Euclidean Geometry, 2007.
47. Deko Dekov, Mittenpunkt, Journal of Computer-Generated Euclidean Geometry, 2007.
48. Deko Dekov, Spieker Center, Journal of Computer-Generated Euclidean Geometry, 2007.
49. Deko Dekov, Grinberg Point, Journal of Computer-Generated Euclidean Geometry, 2007.
50. Deko Dekov, Gibert Point, Journal of Computer-Generated Euclidean Geometry, 2007.
51. Deko Dekov, Side Triangles, Journal of Computer-Generated Euclidean Geometry, 2007.
52. Deko Dekov, Moses Point, Journal of Computer-Generated Euclidean Geometry, 2007.
53. Deko Dekov, Skordev Point, Journal of Computer-Generated Euclidean Geometry, 2007.
54. Deko Dekov, Inner Johnson Triangles, Journal of Computer-Generated Euclidean Geometry, 2007
55. Deko Dekov, Apolonius Triangles, Journal of Computer-Generated Euclidean Geometry, 2007.
56. Deko Dekov, Moses Triangles, Journal of Computer-Generated Euclidean Geometry, 2007.
57. Deko Dekov, de Longchamps Point, Journal of Computer-Generated Euclidean Geometry, 2007.
58. Deko Dekov, Weil Point, Journal of Computer-Generated Euclidean Geometry, 2007.
59. Deko Dekov, Congruent Isoscelizers Point, Journal of Computer-Generated Euclidean Geometry, 2007.
60. Deko Dekov, Yff Center of Conguence, Journal of Computer-Generated Euclidean Geometry, 2007.
61. Deko Dekov, Equal Paralelians Point, Journal of Computer-Generated Euclidean Geometry, 2007.
62. Deko Dekov, Fuhrmann Center, Journal of Computer-Generated Euclidean Geometry, 2007.
63. Deko Dekov, Grebe Triangles, Journal of Computer-Generated Euclidean Geometry, 2007.

64. Deko Dekov, Equilateral Triangles, Journal of Computer-Generated Euclidean Geometry, 2007.
65. Deko Dekov, Outer Fermat Point, Journal of Computer-Generated Euclidean Geometry, 2007.
66. Deko Dekov, Inner Fermat Point, Journal of Computer-Generated Euclidean Geometry, 2007.
67. Deko Dekov, Outer Vecten Point, Journal of Computer-Generated Euclidean Geometry, 2007.
68. Deko Dekov, Inner Vecten Point, Journal of Computer-Generated Euclidean Geometry, 2007.
69. Deko Dekov, First Isodynamic Point, Journal of Computer-Generated Euclidean Geometry, 2008.
70. Deko Dekov, Second Isodynamic Point, Journal of Computer-Generated Euclidean Geometry, 2008.
71. Deko Dekov, Kenmotu Points, Journal of Computer-Generated Euclidean Geometry, 2008.
72. Deko Dekov, Napoleon Points, Journal of Computer-Generated Euclidean Geometry, 2008.
73. Deko Dekov, Galatly-Kiepert Triangles, Journal of Computer-Generated Euclidean Geometry, 2008.
74. Deko Dekov, Construction of the Outer Galatly-Kiepert Triangle, Journal of Computer-Generated Euclidean Geometry, 2008.
75. Deko Dekov, Galatly-Kiepert Points, Journal of Computer-Generated Euclidean Geometry, 2008.
76. Deko Dekov, Lemoine-Kiepert Triangles, Journal of Computer-Generated Euclidean Geometry, 2008.
77. Deko Dekov, Lemoine-Kiepert Points, Journal of Computer-Generated Euclidean Geometry, 2008.
78. Deko Dekov, Fermat Triangles, Journal of Computer-Generated Euclidean Geometry, 2008.
79. Deko Dekov, Intangents Triangle, Journal of Computer-Generated Euclidean Geometry, 2008.
80. Deko Dekov, Computer-Generated Mathematics: The Gergonne Point, Journal of Computer-Generated Euclidean Geometry, 2009.
81. Deko Dekov, Computer-Generated Mathematics: Eleven Circles passing through the Parry Point, Journal of Computer-Generated Euclidean Geometry, 2009.
82. Deko Dekov, Computer-Generated Mathematics: The Feuerbach Point, Journal of Computer-Generated Euclidean Geometry, 2009.
83. Deko Dekov, Computer-Generated Mathematics: The Kiepert-Parry Point, Journal of Computer-Generated Euclidean Geometry, 2009.
84. Deko Dekov, Computer-Generated Mathematics: The Pohoata Point, Journal of Computer-Generated Euclidean Geometry, 2009.
85. Deko Dekov, Computer-Generated Mathematics: The Schroder Point, Journal of Computer-Generated Euclidean Geometry, 2009.
86. Deko Dekov, Computer-Generated Mathematics: The Bevan-Schroder Point, Journal of Computer-Generated Euclidean Geometry, 2009.

87. Deko Dekov, Computer-Generated Mathematics: Construction of the Inner Apollonius Circle of the Mixtilinear Incircles, Journal of Computer-Generated Euclidean Geometry, 2009.
88. Deko Dekov, Computer-Generated Mathematics: The Stanilov Triangle, Journal of Computer-Generated Euclidean Geometry, 2010.
89. Deko Dekov, Computer-Generated Mathematics: Construction of the Stanilov Triangle, Journal of Computer-Generated Euclidean Geometry, 2010.
90. Deko Dekov, Toward the first computer-generated encyclopedia, Journal of Computer-Generated Euclidean Geometry, 2011.

Problems for school students and teachers published in the Journal of Computer-Generated Euclidean Geometry

91. Deko Dekov, The Feuerbach Point lies on the Circle through the Symmedian Point, the Internal Center of Similitude of the Incircle and the Circumcircle and the Grinberg Point, Journal of Computer-Generated Euclidean Geometry, 2008.
92. Deko Dekov, The Feuerbach Point is the Centroid of the Hatzipolakis Triangle of the Feuerbach Point, Journal of Computer-Generated Euclidean Geometry, 2008.
93. Deko Dekov, The Feuerbach Point is the Circumcenter of the Desmic Mate the Outer Yff Triangle, Journal of Computer-Generated Euclidean Geometry, 2008.
94. Deko Dekov, The Feuerbach Point is the Perspector of the Euler Triangle and the Triangle of the Incenters of the Corner Triangles of the Orthocenter, Journal of Computer-Generated Euclidean Geometry, 2008.
95. Deko Dekov, The Feuerbach Point lies on the Pary Circle of the Intouch Triangle, Journal of Computer-Generated Euclidean Geometry, 2008.
96. Deko Dekov, The Feuerbach Point lies on the Nine-Point Circle of the Outer Yff Triangle, Journal of Computer-Generated Euclidean Geometry, 2008.
97. Deko Dekov, The Feuerbach Point lies on the Cevian Circle of the Mitenpunkt, Journal of Computer-Generated Euclidean Geometry, 2008.
98. Deko Dekov, The Feuerbach Point lies on the Pedal Circle of the Mitenpunkt, Journal of Computer-Generated Euclidean Geometry, 2008.
99. Deko Dekov, The Feuerbach Point is the External Center of Similitude of the Circumcircle and the Outer Johnson-Yff Circle, Journal of Computer-Generated Euclidean Geometry, 2008.
100. Deko Dekov, The Feuerbach Point lies on the Cevian Circle of the Schiffler Point, Journal of Computer-Generated Euclidean Geometry, 2008.
101. Deko Dekov, The Feuerbach Point lies on the Pedal Circle of the Schiffler Point, Journal of Computer-Generated Euclidean Geometry, 2008.
102. Deko Dekov, The Feuerbach Point lies on the Cevian Circle of the Yff Center of Congruence, Journal of Computer-Generated Euclidean Geometry, 2008.
103. Deko Dekov, The Feuerbach Point lies on the Pedal Circle of the Gergonne Point, Journal of Computer-Generated Euclidean Geometry, 2008.
104. Deko Dekov, The Feuerbach Point lies on the Pedal Circle of the Nagel Point, Journal of Computer-Generated Euclidean Geometry, 2008.

105. Deko Dekov, The Feuerbach Point lies on the Pedal Circle of the Moses Point, Journal of Computer-Generated Euclidean Geometry, 2008.
106. Deko Dekov, The Feuerbach Point lies on the Pedal Circle of the Weil Point, Journal of Computer-Generated Euclidean Geometry, 2008.
107. Deko Dekov, The Feuerbach Point lies on the Pedal Circle of the Evans Perspector, Journal of Computer-Generated Euclidean Geometry, 2008.
108. Deko Dekov, The Feuerbach Point is the Inverse of the Incenter in the Nine-Point Circle of the Fuhrmann Triangle, Journal of Computer-Generated Euclidean Geometry, 2008.
109. Deko Dekov, The Feuerbach Point is the Perspector of the Incentral Triangle and the Feuerbach Triangle, Journal of Computer-Generated Euclidean Geometry, 2008.
110. Deko Dekov, The Feuerbach Point is the Homothetic Center of the Johnson Triangle and the Outer Yf Triangle, Journal of Computer-Generated Euclidean Geometry, 2008.
111. Deko Dekov, The Feuerbach Point is the Perspector of the Euler Triangle and the Triangle of the Moses Points of the Corner Triangles of the Orthocenter, Journal of Computer-Generated Euclidean Geometry, 2008.
112. Deko Dekov, The Feuerbach Point is the Perspector of the Euler Triangle and the Triangle of the Bevan Points of the Corner Triangles of the Orthocenter, Journal of Computer-Generated Euclidean Geometry, 2008.
113. Deko Dekov, The Feuerbach Point is the Perspector of the Euler Triangle and the Triangle of the Internal Centers of Similitude of the Incircles and the Circumcircles of the Corner Triangles of the Orthocenter, Journal of Computer-Generated Euclidean Geometry, 2008.
114. Deko Dekov, The Feuerbach Point is the Perspector of the Euler Triangle and the Triangle of the External Centers of Similitude of the Incircles and the Circumcircles of the Corner Triangles of the Orthocenter, Journal of Computer-Generated Euclidean Geometry, 2008.
115. Deko Dekov, The Feuerbach Point is the Perspector of the Euler Triangle and the Triangle of the Weil Points of the Corner Triangles of the Orthocenter, Journal of Computer-Generated Euclidean Geometry, 2008.
116. Deko Dekov, The Feuerbach Point is the Perspector of the Euler Triangle and the Triangle of the Evans Pectors of the Corner Triangles of the Orthocenter, Journal of Computer-Generated Euclidean Geometry, 2008.
117. Deko Dekov, The Feuerbach Point is the Perspector of the Euler Triangle and the Triangle of the Orthocenters of the Corner Triangles of the Gergonne Point, Journal of Computer-Generated Euclidean Geometry, 2008.
118. Deko Dekov, The Feuerbach Point is the Perspector of the Euler Triangle and the Triangle of the Orthocenters of the Corner Triangles of the Nagel Point, Journal of Computer-Generated Euclidean Geometry, 2008.
119. Deko Dekov, The Feuerbach Point is the Homothetic Center of the Inner Yff Triangle and the Triangle of the Centers of the Orthocentroidal Circles of the Triangulation Triangles of the Orthocenter, Journal of Computer-Generated Euclidean Geometry, 2008.

120. Deko Dekov, The Feuerbach Point is the Homothetic Center of the Outer Yff Triangle and the Triangle of the Circumcenters of the Triangulation Triangles of the Orthocenter, Journal of Computer-Generated Euclidean Geometry, 2008.
121. Deko Dekov, The Feuerbach Point is the Homothetic Center of the Outer Yff Triangle and the Triangle of the Circumcenters of the Anticevian Corner Triangles of the Centroid, Journal of Computer-Generated Euclidean Geometry, 2008.
122. Deko Dekov, The Feuerbach Point is the Homothetic Center of the Outer Yff Triangle and the Triangle of the Orthocenters of the Anticevian Corner Triangles of the Symmedian Point, Journal of Computer-Generated Euclidean Geometry, 2008.
123. Deko Dekov, The Feuerbach Point is the Homothetic Center of the Outer Yff Triangle and the Triangle of reflections of the Circumcenter in the vertices of the Medial Triangle, Journal of Computer-Generated Euclidean Geometry, 2008.
124. Deko Dekov, The Feuerbach Point is the Inverse of the Incenter in the Second Droz-Farny Circle of the Fuhrmann Triangle, Journal of Computer-Generated Euclidean Geometry, 2008.
125. Deko Dekov, The Feuerbach Point is the External Center of Similitude of the Circumcircle of the Johnson Triangle and the Circumcircle of the Outer Yf Triangle, Journal of Computer-Generated Euclidean Geometry, 2008.

Доклад на конференция на Съюза на учените в Стара Загора

126. Deko V. Dekov, The use of the computer program ABACUS for numerical integration of differential equations, Proceedings of the Conference of the Union of Scientists of Bulgaria, Stara Zagora, 2003 (Bulgarian)

Статии по компютърно-генерирана математика, публикувани в списание “Дидактическо моделиране” (“Didactical Modeling”), издание на Института по математика и информатика на Българска Академия на науките

Налични на страницата <http://www.dekovsoft.com/ddekov/papers.htm>

Налични и на сайта на списанието <http://www.math.bas.bg/omi/DidMod/index.htm>

127. Deko Dekov, Computer-Generated Mathematics: Constructions of the Intangents Triangle, Didactical Modeling, том 1 (2007/2008).
128. Deko Dekov, Computer-Generated Mathematics: Seven Circles orthogonal to the Lester Circle, Didactical Modeling, том 2 (2008/2009).
129. Deko Dekov, Computer-Generated Mathematics: The Symmedian Point, Didactical Modeling, том 2 (2008/2009).

Електронна книга (e-Book) налична на сайта

<http://www.dekovsoft.com/>:

или при поискване от ddekov@dekovsoft.com

- Computer-Generated Encyclopedia of Euclidean Geometry, First Edition, 2006.

Образователни компютърни програми, налични на сайта

<http://www.dekovsoft.com/>:

или при поискване от ddekov@dekovsoft.com

1. Сметало (2001).
2. Сметка за ел. енергия (2002).
3. Linear Systems (2003).
4. Inverse Matrices (2003), има и съкратено издание на български език (2004).
5. Solving Triangles (2004).
6. Geometric Constructions (2004), има и превод на руски език.
7. Coordinate Geometry (2005).
8. 279 образователни кръстословици за изучаващите английски език (2005).

Система за открития (Компютърна програма, откриваща нови теореми по математика):

1. Machine for Questions and Answer (2006), First Edition.
2. Machine for Questions and Answer (2011), Second Edition.
