Dear Colleagues,

This letter is to certify that Denka Kutzarova has, since Fall 2001, taught two courses every semester for the Mathematics Department at the University of Illinois at Urbana-Champaign (except for Spring 2010). During each of these semesters the number of weekly contact hours has been between 6 and 8. The total number of these contact hours during the whole period is 86. Courses taught include Calculus I, Calculus II, Calculus III, Introduction to Differential Equations, Introduction to Linear Algebra, Fundamental Mathematics (our introductory proof-writing course), and a graduate course on Mathematical Tools for Compressed Sensing.

Please let me know if you have any questions about this letter.

Sincerely,

Scott Ahlgren
Professor of Mathematics
Associate Chair
