научна специалност 01.01.12 Информатика (компютърни методи за изследване на комбинаторни дизайни и сродни на тях структури)

на доцент д-р

Светлана Тодорова Топалова

Всяка цитирана публикация е означена с (i/j) или (i.ii/j) , където i е нейният номер в списъка на всички публикации, ii е номерът в списъка на избраните публикации за участие в настоящия конкурс, а j е общият брой на забелязаните цитирания. Подредбата е според вида на изданието с цитата и по години.
