

In the frames of the celebration of the 120 anniversary of Academician Lubomir Tschakaloff (1886–1963) and the 110 anniversary of Academician Nikola Obrechhoff (1896–1963) under the aegis of the Bulgarian National Committee of Mathematics,

**The Department of Mathematics and Informatics  
of the Sofia University St. Kliment Ohridski**

is organizing an international conference

**PIONEERS OF BULGARIAN  
MATHEMATICS**

dedicated to these two anniversaries. The conference will take place in Sofia, July 8–10, 2006.

The organizers have the ambition to gather in Sofia most of the mathematicians and specialists in computer science with Bulgarian origin from all over the world. The scope of the conference will cover all fields of interest of the two mathematical giants: mathematical analysis, theory of functions, algebra, number theory, probability, numerical analysis, as well as computer science.

Detailed information can be found in the web site

<http://profot.fmi.uni-sofia.bg>

Proceedings of the Conference will be published as special issues of *Serdica Mathematical Journal* and *Annuaire de l'Université de Sofia St. Kliment Ohridski, Faculté de Mathématiques et Informatique* (*Godishnik na Sofijskiya Universitet*), following the standard procedure for publishing in these journals.
