

Списък на публикациите за участие в конкурса

1. H. Kostadinov and N. Manev, On Integer Code Correcting Single Error of Type $(-1,1,2)$, *Proc of Seventh Int. Workshop on Optimal Codes and Related Topics*, 2013, 134-139
2. H. Kostadinov and N. L. Manev, On the Probability of Error for Triangular Quadrature Amplitude Modulation, *Electronic Notes in Discrete Mathematics*, 2017, 127-132.
3. H. Kostadinov L. Krалева and N. L. Manev, New Bounds for Probability of Error of Coded and Uncoded TQAM in AWGN Channel, *Studies in Computational Intelligence*, 2017, 75-85.
4. H. Kostadinov and N. L. Manev, Symbol and Bit Error Probability for Coded TQAM in AWGN Channel, *Procedia Computer Science*, 108, 2017, 2110-2118.
5. H. Kostadinov and N. L. Manev, Integer Codes for Flash Memories, *Studies in Computational Intelligence* , 2018, 91-99.
6. H. Kostadinov and N. L. Manev, On Digital Watermarking for Audio Signals, *Studies in Computational Intelligence* , 2019, 231-243.
7. B. Tsvetkov and H. Kostadinov, DLT Smart Contract Platforms for Software Lifecycle Management, *Proceedings of AMiTaNS'19, 2164* , 2019, 120015.
8. B. Tsvetkov, J. Jeliazkov and H. Kostadinov, Modern Software Lifecycle Management leveraging the power of Blockchain, *Proceedings of 17th*

International workshop on Algebraic and Combinatorial Coding Theory, 2020, 145-149.

9. J. Jeliaskov, B. Tsvetkov and H. Kostadinov, Research Incentivization based on Smart Contract Platform, *SProceedings of 17th International workshop on Algebraic and Combinatorial Coding Theory*, 2020, 77-82.
10. B. Tsvetkov and H. Kostadinov, Using DLT in Software Lifecycle Management, *Studies in Computational Intelligence*, 961, 2021, 393-404.
11. Ts. Tsokov and H. Kostadinov, System for Monitoring and Control of Vehicle's Carbon Emissions Using Embedded Hardwares and Cloud Applications, *Lecture Notes in Computer Science*, 12632, 2021, 564-577.
12. H. Kostadinov and N. Manev, Integer codes correcting asymmetric errors in nand flash memory, *Mathematics* , Vol. 9(11), 2021, 1269.
13. H. Kostadinov and N. L. Manev, New Integer Coded Hexagonal QAM Schemes and Their Performance in AWGN Channel, *Studies in Computational Intelligence* , 1076, 2023, 100-110.
14. H. Kostadinov and N. L. Manev, A General Construction of Integer Codes Correcting Specific Errors in Binary Communication Channels, *Mathematics*, Vol. 11(11), 2023, 2521.
15. Ts. Tsokov and H. Kostadinov, Dynamic network-aware container allocation in Cloud/Fog computing with mobile nodes, *Internet of Things*, 26, 2024, 101211.
