Dr. Violeta Ivanova-Rohling

Curriculum vitae

June 2020- current: Postdoctoral fellow member of the Zukunftskolleg at the University of Konstanz, department of Physics, at the group of Professor Burkard "Condensed matter theory and quantum information".

November 2017- May 2020: Assistant Professor at the Department of Mathematical Foundations of Computer Science, Institute for Mathematics and Informatics, Bulgarian Academy of Sciences.

September 2011- December 2016: PhD student at the University of Konstanz, Germany, department of Computer Science, at the group of Professor Berthold "Bioinformatics and information mining", defended May, 2019.

October 2007- December 2010: Masters in Computer Science at the Max Planck Institute for Informatics and Saarland University. Member of the Max Plank Research School for Computer Science (IMPRS-CS).

May 2007: Bachelor of Science in Computer Science, Sofia University, Bulgaria.

Research

Machine learning

Parallel methods in machine learning

Machine learning for quantum computing

Applied machine learning
